# *Finding the Property You Are Looking For*

❶ Choose what you would like to search by.

❷ Type in what you are searching for.

❸ Choose how many results you would like and how they will be ordered.

❹ Click on "Search".

NOTES:

· Make sure you are on the "Search" tab.

· Your results will appear in the "Results Window" located at the bottom of the page.

· If you click on an entry in the "Results Window" the map will zoom to that property and data pages will change.

Advanced Searching

❶ Click the "Advanced Search" button and the window will appear.

❷ Enter as much information as you can or as little as you want.

❸ Click "OK".

NOTES:

· Make sure you are on the "Search" tab.

· You may also perform a Street Intersection Search from this window.

· Your results may be arranged by clicking the column heading in the results window (i.e. order by Name, click the "Name" heading).
